27 June – 1 July 2019

Healing  
retreat in  
Crete!

*Join us for rejuvenating healing days in Crete*

## A deep dive into Shunia and The art of healing!

For 5 days we come together to experience and explore the healing power of Sat Nam Rasayan. You will dive deep in to meditation, profound healing and yourself. These days are for you to renew and restore – with the help of the beautiful teachings of Yogi Bhajan and the vibrant island of Crete.

Our days will be interspersed between teachings, yoga, meditation and relaxing free time. During our afternoons you have the possibility to enjoy the warm water of the Libyan sea, go swimming, hiking, eating local Cretan food and much more. You will return back home restored, renewed and radiant. You are so welcome.

Healing sessions with experienced healers will be offered in the afternoons.
